Part III of title VI of the Communications Act of 1934 is amended by inserting after section 627 (47 U.S.C. 547) the following new section:

47 USC 548.

"SEC. 628. DEVELOPMENT OF COMPETITION AND DIVERSITY IN VIDEO PROGRAMMING DISTRIBUTION.

"(a) PURPOSE.—The purpose of this section is to promote the public interest, convenience, and necessity by increasing competition and diversity in the multichannel video programming market, to increase the availability of satellite cable programming and satellite broadcast programming to persons in rural and other areas not currently able to receive such programming, and to spur the development of communications technologies.

"(b) PROHIBITION.—It shall be unlawful for a cable operator, a satellite cable programming vendor in which a cable operator has an attributable interest, or a satellite broadcast programming vendor to engage in unfair methods of competition or unfair or deceptive acts or practices, the purpose or effect of which is to hinder significantly or to prevent any multichannel video programming distributor from providing satellite cable programming or satellite broadcast programming to subscribers or consumers.

"(c) REGULATIONS REQUIRED.—

"(1) PROCEEDING REQUIRED.—Within 180 days after the date of enactment of this section, the Commission shall, in order to promote the public interest, convenience, and necessity by increasing competition and diversity in the multichannel video programming market and the continuing development of communications technologies, prescribe regulations to specify particular conduct that is prohibited by subsection (b).

"(2) MINIMUM CONTENTS OF REGULATIONS.—The regulations to be promulgated under this section shall—

"(A) establish effective safeguards to prevent a cable operator which has an attributable interest in a satellite cable programming vendor or a satellite broadcast programming vendor from unduly or improperly influencing the decision of such vendor to sell, or the prices, terms, and conditions of sale of, satellite cable programming or satellite

broadcast programming to any unaffiliated multichannel video programming distributor;

"(B) prohibit discrimination by a satellite cable programming vendor in which a cable operator has an attributable interest or by a satellite broadcast programming vendor in the prices, terms, and conditions of sale or delivery of satellite cable programming or satellite broadcast programming among or between cable systems, cable operators, or other multichannel video programming distributors, or their agents or buying groups; except that such a satellite cable programming vendor in which a cable operator has an attributable interest or such a satellite broadcast programming vendor shall not be prohibited from—

"(i) imposing reasonable requirements for creditworthiness, offering of service, and financial stability and standards regarding character and technical quality;

"(ii) establishing different prices, terms, and conditions to take into account actual and reasonable differences in the cost of creation, sale, delivery, or transmission of satellite cable programming or satellite broadcast programming;

"(iii) establishing different prices, terms, and conditions which take into account economies of scale, cost savings, or other direct and legitimate economic benefits reasonably attributable to the number of subscribers served by the distributor; or

"(iv) entering into an exclusive contract that is permitted under subparagraph (D);

"(C) prohibit practices, understandings, arrangements, and activities, including exclusive contracts for satellite cable programming or satellite broadcast programming between a cable operator and a satellite cable programming vendor or satellite broadcast programming vendor, that prevent a multichannel video programming distributor from obtaining such programming from any satellite cable programming vendor in which a cable operator has an attributable interest or any satellite broadcast programming vendor in which a cable operator has an attributable interest for distribution to persons in areas not served by a cable operator as of the date of enactment of this section; and

"(D) with respect to distribution to persons in areas served by a cable operator, prohibit exclusive contracts for satellite cable programming or satellite broadcast programming between a cable operator and a satellite cable programming vendor in which a cable operator has an attributable interest or a satellite broadcast programming vendor in which a cable operator has an attributable interest, unless the Commission determines (in accordance with paragraph (4)) that such contract is in the public interest.

"(4) PUBLIC INTEREST DETERMINATIONS ON EXCLUSIVE CONTRACTS.—In determining whether an exclusive contract is in the public interest for purposes of paragraph (2)(D), the Commission shall consider each of the following factors with respect to the effect of such contract on the distribution of video programming in areas that are served by a cable operator:

"(A) the effect of such exclusive contract on the development of competition in local and national multichannel video programming distribution markets;

"(B) the effect of such exclusive contract on competition from multichannel video programming distribution technologies other than cable;

"(C) the effect of such exclusive contract on the attraction of capital investment in the production and distribution of new satellite cable programming;

"(D) the effect of such exclusive contract on diversity of programming in the multichannel video programming distribution market; and

"(E) the duration of the exclusive contract.

"(5) SUNSET PROVISION.—The prohibition required by paragraph (2)(D) shall cease to be effective 10 years after the date of enactment of this section, unless the Commission finds, in a proceeding conducted during the last year of such 10-year period, that such prohibition continues to be necessary to preserve and protect competition and diversity in the distribution of video programming.

"(d) ADJUDICATORY PROCEEDING.—Any multichannel video programming distributor aggrieved by conduct that it alleges constitutes a violation of subsection (b), or the regulations of the Commission under subsection (c), may commence an adjudicatory proceeding at the Commission.

"(e) REMEDIES FOR VIOLATIONS.—

"(1) REMEDIES AUTHORIZED.—Upon completion of such adjudicatory proceeding, the Commission shall have the power to order appropriate remedies, including, if necessary, the power to establish prices, terms, and conditions of sale of programming to the aggrieved multichannel video programming distributor.

(c) ANALYSIS OF PRECLUSIVE CONTRACTS REQUIRED.—

(1) ANALYSIS REQUIRED.—In conducting the study required by subsection (a), the Commission shall analyze the extent to which preclusive contracts between college athletic conferences and video programming vendors have artificially and unfairly restricted the supply of the sporting events of local colleges for broadcast on local television stations. "LABELING REQUIREMENTS FOR AUTOMOBILES

American Automobile Labeling Act. 15 USC 1950.

"SEC. 210. (a) SHORT TITLE.—This section may be cited as the 'American Automobile Labeling Act'.

"(b) LABEL REQUIREMENT.—(1) Each manufacturer of a new passenger motor vehicle distributed in commerce for sale in the United States shall annually establish for each model year and cause to be affixed, and each dealer shall cause to be maintained, on each such vehicle manufactured on or after October 1, 1994, in a prominent place, one or more labels—

"(A) indicating the percentage (by value) of passenger motor vehicle equipment installed on such vehicle within a carline which originated in the United States and Canada to be identified with the words 'U.S./Canadian content';

"(B) indicating the final assembly point by city, State (where appropriate), and country of such automobile;

"(C) in the case of any country (other than the United States and Canada) in which 15 percent or more (by value) of equipment installed on passenger motor vehicles within a carline originated, indicating the names of at least the 2 countries in which the greatest amount (by value) of such equipment originated and the percentage (by value) of the equipment originating in each such country;

"(D) indicating the country of origin of the engine for each passenger motor vehicle; and

"(E) indicating the country of origin of the transmission for each passenger motor vehicle;

"(2) The percentages required to be indicated by this section may be rounded to the nearest 5 percent by the manufacturers. Such percentage shall be established at the beginning of each model year for such carline and shall be applicable to that carline for the entire model year.

"(3) The disclosure requirement of subparagraph (1)(B) of this section supersedes the disclosure requirement of section 3(b) of the Automobile Information Disclosure Act (15 U.S.C. 1232(b)). A manufacturer who indicates the final assembly point as required by this section shall be deemed to have satisfied the disclosure requirement imposed by section 3(b) of the Automobile Information Disclosure Act.

Regulations.

"(c) FORM AND CONTENT OF LABEL.—The form and content of the label required under subsection (b), and the manner and location in which such label shall be affixed, shall be prescribed by the Secretary by rule. The Secretary shall permit a manufacturer to comply with this section by allowing such manufacturer to disclose the information required under this section on the label required by section 3 of the Automobile Information Disclosure Act (15 U.S.C. 1232), on the label required by section 506 of the Motor Vehicle Information and Cost Savings Act (15 U.S.C. 2006), or on a readily visible separate label.

"(d) REGULATIONS.—The Secretary, in consultation with the Secretary of Commerce and the Secretary of the Treasury, shall promulgate such regulations as may be necessary to carry out this section, including regulations to establish a procedure to verify the labeling information required by this section. Such regulations shall provide to the ultimate purchaser of a new passenger motor vehicle the best and most understandable information possible about the foreign and U.S./Canada origin of the equipment of such vehicles without imposing costly and unnecessary burdens on the manufacturers. The regulations shall be promulgated promptly after the enactment of this section in order to provide adequate lead time for all manufacturers to comply with this section. The regulations shall include provisions applicable to outside and allied suppliers to require such suppliers to certify whether a component provided by such suppliers is United States, U.S./Canadian, or foreign and to provide such other information as may be necessary, as determined by the Secretary, to enable the manufacturer to reasonably comply with the provisions of this section and to rely on such certification and information. The regulations applicable to all suppliers shall be enforceable as a regulation of the Secretary under the appropriate provisions of this Act.

"(e) VIOLATIONS AND PENALTIES.—Any manufacturer of automobiles distributed in commerce for sale in the United States who willfully fails to affix to any new automobile so manufactured or imported by him for sale in the United States the label required by this section, or any dealer who fails to maintain such label as required by this section, shall be fined not more than $1,000. Such failure with respect to each automobile shall constitute a separate offense.

"(f) DEFINITIONS.—For purposes of this section:

"(1) The term 'manufacturer' means any person engaged in the manufacturing or assembling of new automobiles, including any person importing new automobiles for resale and any person who acts for and is under the control of such manufacturer, assembler, or importer in connection with the distribution of new automobiles.

"(2) The term 'person' means an individual, partnership, corporation, business trust, or any organized group of persons.

"(3) The term 'passenger motor vehicle' has the meaning provided in section 2(1) of this Act, except that it shall include any multipurpose vehicle and light duty truck that is rated at 8,500 pounds gross vehicle weight or less.

"(4) The term 'passenger motor vehicle equipment' means any system, subassembly, or component received at the final vehicle assembly point for installation on, or attachment to, such vehicle at the time of its initial shipment by the manufacturer to a dealer for sale to an ultimate purchaser. The term 'component' shall not include minor parts, such as attachment hardware (nuts, bolts, clips, screws, pins, braces, etc.) and such other similar items as the Secretary, in consultation with manufacturers and labor, may prescribe by rule.

"(5) The terms 'originated in the United States and Canada', 'U.S./Canadian', and 'of U.S./Canadian origin', in referring to automobile equipment, means—

"(A) for outside suppliers, the purchase price of automotive equipment which contains at least 70 percent value added in the United States and Canada; and

"(B) for allied suppliers, the manufacturer shall determine the foreign content of any passenger motor vehicle equipment supplied by the allied supplier by adding up the purchase price of all foreign material purchased from outside suppliers that comprise the individual passenger motor vehicle equipment and subtracting such purchase price from the total purchase price of such equipment. Determination of foreign or U.S./Canadian origin from outside suppliers will be consistent with subparagraph (A).

"(6) The term 'new passenger motor vehicle' means a passenger motor vehicle the equitable or legal title to which has never been transferred by a manufacturer, distributor, or dealer to an ultimate purchaser.

"(7) The term 'dealer' means any person or resident located in the United States, including any territory of the United States, or the District of Columbia, engaged in the sale or the distribution of new automobiles to the ultimate purchaser.

"(8) The term 'Secretary' means the Secretary of Transportation.

"(9) The term 'State' includes each of the several States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands, the Canal Zone, and American Samoa.

"(10)(A) The term 'value added in the United States and Canada' means a percentage derived as follows:

"'Value added' equals the total purchase price, minus total purchase price of foreign content, divided by the total purchase price.

Costs incurred or profits made at the final vehicle assembly point and beyond (i.e., advertising, assembly, labor, interest payments, profits, etc.) shall not be included in such calculation.

"(B) In determining the origin and value added of engines and transmissions, the following groupings will be used:

"(i) Engines of same displacement produced at the same plant.

"(ii) Transmissions of the same type produced at the same plant.

"(11) The term 'carline' means a name denoting a group of vehicles which has a degree of commonality in construction (e.g., body, chassis). Carline does not consider any level of decor of opulence and is not generally distinguished by such characteristics as roof line, number of doors, seats, or windows, except for light duty trucks. Light duty trucks are considered to be different carlines than passenger cars.

"(12) The term 'country of origin', in referring to the origin of an engine or transmission, means the country in which 50 percent or more of the dollar value added of an engine or transmission originated. If no country accounts for 50 percent or more of the dollar value, then the country of origin is the country from which the largest share of the value added originated. The estimate of the percentage of the dollar value shall be based upon the purchase price of direct materials as received at individual engine or transmission plants of engines of the same displacement and transmissions of the same transmission type. For the purpose of determining the country of origin for engines and transmissions, the United States and Canada shall be treated separately.

"(13) When used in reference to passenger motor vehicle equipment which is of U.S./Canadian origin, the term 'percentage (by value)' means the resulting percentage when the percentage (by value) of such equipment not of U.S./Canadian origin that will be installed or included on such vehicles produced within a carline is subtracted from 100 percent. Value shall be expressed in terms of purchase price. For both outside suppliers and allied suppliers the value used shall be the purchase price of the passenger motor vehicle equipment as paid at the final assembly point.

"(14) The term 'final assembly' point shall mean the plant, factory, or other place at which a new passenger motor vehicle is produced or assembled by a manufacturer and from which such vehicle is delivered to a dealer or importer in such a condition that all component parts necessary to the mechanical operation of such automobile are included with such vehicle whether or not such component parts are permanently installed in or on such vehicle.

"(15) The term 'allied supplier' means a supplier of passenger motor vehicle equipment that is wholly owned by the manufacturer, or in the case of a joint venture vehicle assembly arrangement, any supplier that is wholly owned by one member of the joint venture arrangement.

"(16) The terms 'foreign' or 'foreign content' mean passenger motor vehicle equipment not determined to be U.S./Canadian origin.

"(17) The term 'outside supplier' means a supplier of passenger motor vehicle equipment to a manufacturer's allied supplier or anyone other than an allied supplier who ships directly to the manufacturer's final assembly point.

"(g) EFFECT ON STATE LAW.—(1) Whenever a content labeling requirement established under this section is in effect, no State or political subdivision of a State shall have the authority to adopt or enforce any law or regulation relating to the content of vehicles covered by such Federal requirement.

"(2) Nothing in this section shall be construed to prevent any State or political subdivision thereof from establishing requirements with respect to content of automobiles procured for its own use.".

NUCLEAR NON-PROLIFERATION POLICY IN SOUTH ASIA

SEC. 585. (a) The Foreign Assistance Act of 1961 is amended by inserting the following new section:

22 USC 2376.

"SEC. 620F. NUCLEAR NON-PROLIFERATION POLICY IN SOUTH ASIA.

"(a) FINDINGS.—The Congress finds that—

"(1) the proliferation of weapons of mass destruction remains one of the most serious threats to international peace and stability;

"(2) South Asia, in particular, is an area where the threat of a regional nuclear exchange remains high due to continued Indo-Pakistani tensions over issues such as Kashmir;

"(3) to date, United States efforts to halt proliferation in South Asia have failed;

"(4) although global disarmament is a desirable goal which should be vigorously pursued, both regional and sub-regional security arrangements can serve to decrease tensions and promote non-proliferation in certain areas;

"(5) thus far, there has been some success on a regional basis, such as the South Pacific Nuclear Weapons Free Zone and the Treaty of Tlatelolco in Latin America;

"(6) in particular, in Latin America, the Treaty of Tlatelolco has been signed by all the nuclear powers;

"(7) a critical part of this treaty is Protocol II which prohibits nuclear attacks by nuclear weapons states on signatories to the treaty;

"(8) in 1991, a proposal was made for a regional conference on non-proliferation in South Asia which would include Pakistan, India, the People's Republic of China, the Soviet Union, and the United States; and

"(9) thus far, Pakistan, China, Russia, and the United States have expressed interest in attending such a conference, whereas India has refused to attend.

"(b) POLICY.—It is the sense of the Congress that the President should pursue a policy which seeks a regional negotiated solution to the issue of nuclear non-proliferation in South Asia at the earliest possible time, including a protocol to be signed by all nuclear weapons states, prohibiting nuclear attacks by nuclear weapons states on countries in the region. Such a policy should have as its ultimate goal concurrent accession by Pakistan and India to the Nuclear Non-Proliferation Treaty, and should also include as needed a phased approach to that goal through a series of agreements among the parties on nuclear issues, such as the agreement reached by Pakistan and India not to attack one another's nuclear facilities.

President.

"(c) REPORT ON PROGRESS TOWARD REGIONAL NON-PROLIFERATION.—Not later than April 1, 1993, and every six months thereafter, the President shall submit a report to the Committees on Appropriations, the Speaker of the House of Representatives, and the chairman of the Committee on Foreign Relations of the Senate, on nuclear proliferation in South Asia, including efforts taken by the United States to achieve a regional agreement on nuclear non-proliferation, and including a comprehensive list of the obstacles to concluding such a regional agreement.".

President.

(b) REPORT ON SOUTH ASIAN NUCLEAR PROGRAMS.—Not later than six months after the enactment of this Act, the President shall submit a report with respect to the People's Republic of

China, Pakistan, and India in writing to the Committees on Appropriations, the Speaker of the House of Representatives, the chairman of the Committee on Foreign Relations of the Senate, on those country's nuclear and ballistic missile programs, including, but not limited to—

(1) a determination as to whether that country possesses a nuclear explosive device or whether it possesses all the components necessary for the assembly of such a device;

(2) a complete report on the status of that country's missile development program, foreign assistance to that program, and foreign sales of missiles or missile components to that country and steps which the United States has taken in response to such sales; and

(3) a report on whether that country has agreed to fully adhere, and is adhering, to all peaceful nuclear cooperation agreements with the United States and has formally agreed to place all United States-supplied nuclear materials under international safeguards in perpetuity.

(2) since the early 1950s the Arab League has maintained a secondary and tertiary boycott against American and other companies that have commercial ties with Israel;

(3) the boycott seeks to coerce American firms by blacklisting those that do business with Israel and harm America's competitiveness;

(4) the United States has a longstanding policy opposing the Arab League boycott and United States law prohibits American firms from providing information to Arab countries to demonstrate compliance with the boycott;

(5) with real progress being made in the Middle East peace process and the serious confidence-building measures taken by the State of Israel, an end to the Arab boycott of Israel and of American companies that have commercial ties with Israel is long overdue and would represent a significant confidence-building measure;

(6) the President has proposed the sale of 72 advanced F–15 aircraft to Saudi Arabia despite its refusal to renounce publicly the Arab boycott of American firms that do business with or invest in Israel; and

(7) in the interest of Middle East peace and free commerce, the President must take more concrete steps to press the Arab states to end their practice of blacklisting and boycotting American companies that have trade ties with Israel.

(b) POLICY.—It is the sense of the Congress that—

(1) the Arab League countries should immediately and publicly renounce the primary boycott of Israel and the secondary and tertiary boycott of American firms that have commercial ties with Israel and

(2) the President should—

(A) take more concrete steps to encourage vigorously Arab League countries to renounce publicly the primary boycotts of Israel and the secondary and tertiary boycotts

of American firms that have commercial relations with Israel as a confidence-building measure;

(B) take into consideration the participation of any recipient country in the primary boycott of Israel and the secondary and tertiary boycotts of American firms that have commerical relations with Israel when determining whether to sell weapons to said country;

(C) report to Congress on the specific steps being taken by the President to bring about a public renunciation of the Arab primary boycott of Israel and the secondary and tertiary boycotts of American firms that have commercial relations with Israel; and

(D) encourage the allies and trading partners of the United States to enact laws prohibiting businesses from complying with the boycott and penalizing businesses that do comply.

IMPACT ON JOBS IN THE UNITED STATES

SEC. 599. None of the funds appropriated by this Act may be obligated or expended to provide—

(a) any financial incentive to a business enterprise currently located in the United States for the purpose of inducing such an enterprise to relocate outside the United States if such incentive or inducement is likely to reduce the number of employees of such business enterprise in the United States because United States production is being replaced by such enterprise outside the United States;

(b) assistance for the purpose of establishing or developing in a foreign country any export processing zone or designated area in which the tax, tariff, labor, environment, and safety laws of that country do not apply, in part or in whole, to activities carried out within that zone or area, unless the President determines and certifies that such assistance is not likely to cause a loss of jobs within the United States; or

(c) assistance for any project or activity that contributes to the violation of internationally recognized workers rights, as defined in section 502(a)(4) of the Trade Act of 1974, of workers in the recipient country, including any designated zone or area in that country.

HUMANITARIAN ASSISTANCE FOR ARMENIA

SEC. 599A. (b) It is the sense of Congress that the Administration should—

(1) encourage Japan or any oil exporting nation to provide fuel to Armenia for urgently needed humanitarian purposes, to include harvesting the autumn crop;

(2) renew its existing commitment to deliver this fuel by United States transport;

(3) ensure that safeguards are in place to guarantee that the fuel is used solely for the humanitarian purposes intended.

(c) The Congress finds that Armenia has entered into an aggressive program of economic reforms and land privatization that serves as a model for the former republics of the Soviet Union.

(d) It is further the sense of Congress that the President instruct United States representatives to the International Monetary Fund and the World Bank to support these important reforms by providing Armenia financial and technical assistance.

REPORT ON RUSSIAN MILITARY EXPORTS

SEC. 599B. (a) REPORT.—Beginning 120 days after the date of enactment of this Act and 180 days thereafter, the President shall report to the appropriate congressional committees that the United States has entered into serious and substantive discussions with Russia to reduce exports of sophisticated conventional weapons to Iran and to prevent sales to Iran of any destabilizing numbers and types of such weapons. President.

(b) PROHIBITION.—Beginning 120 days after the date of enactment of this Act none of the funds made available under this Act may be made available for United States assistance (other than humanitarian assistance) for Russia unless the report required under subsection (a) has been made, or the provision of assistance is determined to be in the national interest.

President.

AUTHORITY TO ASSIST BOSNIA-HERCEGOVINA

SEC. 599D. (a) Congress finds as follows:

(1) the United Nations has imposed an embargo on the transfer of arms to any country on the territory of the former Yugoslavia;

(2) the federated states of Serbia and Montenegro have a large supply of military equipment and ammunition and the Serbian forces fighting the government of Bosnia-Hercegovina have more than one thousand battle tanks, armored vehicles, and artillery pieces; and

(3) because the United Nations arms embargo is serving to sustain the military advantage of the aggressor, the United Nations should exempt the government of Bosnia-Hercegovina from its embargo.

(b) Pursuant to a lifting of the United Nations arms embargo against Bosnia-Hercegovina, the President is authorized to transfer

President.

to the government of that nation, without reimbursement, defense articles from the stocks of the Department of Defense of an aggregate value not to exceed $50,000,000 in fiscal year 1993: *Provided,* That the President certifies in a timely fashion to the Congress that—

(1) the transfer of such articles would assist that nation in self-defense and thereby promote the security and stability of the region; and

(2) United States allies are prepared to join in such a military assistance effort.

President. Reports.

(c) Within 60 days of any transfer under the authority provided in subsection (b), and every 60 days thereafter, the President shall report in writing to the Speaker of the House of Representatives and the President pro tempore of the Senate concerning the articles transferred and the disposition thereof.

TITLE VI—LOAN GUARANTEES TO ISRAEL

LOAN GUARANTEES TO ISRAEL PROGRAM

SEC. 601. Title III of Chapter 2 of Part I of the Foreign Assistance Act of 1961 is amended by adding at the end thereof the following new section:

"SEC. 226. LOAN GUARANTEES TO ISRAEL PROGRAM.

Immigration.
22 USC 2186.

"(a) IN GENERAL.—Subject to the terms and conditions of this section, during the period beginning October 1, 1992, and ending September 30, 1997, the President is authorized to issue guarantees against losses incurred in connection with loans to Israel made as a result of Israel's extraordinary humanitarian effort to resettle and absorb immigrants into Israel from the republics of the former Soviet Union, Ethiopia and other countries. In the event that less than the full amount authorized to be issued under subsection (b) of this section is issued in such period, the authority to issue the balance of such guarantees shall be available in the fiscal year ending on September 30, 1998.

"(b) FISCAL YEAR LEVELS.—The President is authorized to issue guarantees in furtherance of the purposes of this section. Subject to subsection (d), the total principal amount of guarantees which may be issued by the President under this section shall be up to $10,000,000,000 which may be issued as follows:

"(1) in fiscal year 1993, up to $2,000,000,000 may be issued on October 1, 1992 or thereafter;

"(2) subject to subsection (d), in fiscal years 1994 through 1997, up to $2,000,000,000 in each fiscal year may be issued on October 1 or thereafter.

"(3) If less than the full amount of guarantees authorized to be made available in a fiscal year pursuant to paragraphs (1) and (2) of this subsection is issued to Israel during that fiscal year, the authority to issue the balance of such guarantees shall extend to any subsequent fiscal year ending on or before September 30, 1998.

President.

"(4)(A) Not later than September 1 of each year during the period in which the President is authorized to issue loan guarantees under subsection (a), beginning in fiscal year 1993, the President shall notify the appropriate congressional committees in writing of his intentions regarding the exercise of that authority for the fiscal year beginning on October 1 of that year, including a statement of the total principal amount of guarantees, if any, that the President proposes to issue for that fiscal year.

"(B) For purposes of this paragraph, the term 'appropriate congressional committees' means the Committee on Appropriations and the Committee on Foreign Relations of the Senate and the Committee on Appropriations and the Committee on Foreign Affairs of the House of Representatives.

"(c) USE OF GUARANTEES.—Guarantees may be issued under this section only to support activities in the geographic areas which were subject to the administration of the Government of Israel before June 5, 1967.

"(d) LIMITATION ON GUARANTEE AMOUNT.—The amount of authorized but unissued guarantees that the President is authorized to issue as specified in subsection (b) shall be reduced by an amount equal to the amount extended or estimated to have been extended

by the Government of Israel during the previous year for activities which the President determines are inconsistent with the objectives of this section or understandings reached between the United States Government and the Government of Israel regarding the implementation of the loan program. The President shall submit a report to Congress no later than September 30 of each fiscal year during the pendency of the program specifying the amount calculated under this subsection and that will be deducted from the amount of guarantees authorized to be issued in the next fiscal year.

President. Reports.

"(e) FEES.—

"(1) Fees charged for the loan guarantee program under this section each year shall be an aggregate annual origination fee equal to the estimated subsidy cost of the guarantees issued under this section for that year, calculated by the Office of Management and Budget for the Federal Credit Reform Act of 1990. This shall also include an amount for the administrative expenses of the Agency for International Development in administering the program under this section. All such fees shall be paid by the Government of Israel to the Government of the United States. Funds made available for Israel under chapter 4 of Part II of the Foreign Assistance Act of 1961, as amended, may be utilized by the Government of Israel to pay such fees to the United States Government. No further appropriations of subsidy cost are needed for the loan guarantee authorized hereunder for fiscal year 1993 and the four succeeding fiscal years.

"(2) The origination fee shall be payable to the United States Government on a pro rata basis as each guarantee for each loan or increment is issued.

President.

"(f) AUTHORITY TO SUSPEND.—Except as provided in subsections (l) and (m) of this section, the President shall determine the terms and conditions for issuing guarantees. If the President determines that these terms and conditions have been breached, the President may suspend or terminate the provision of all or part of the additional loan guarantees not yet issued under this section. Upon making such a determination to suspend or terminate the provision of loan guarantees, the President shall submit to the Speaker of the House of Representatives and the President Pro Tempore of the Senate his determination to do so, including the basis for such suspension or termination.

"(g) PROCEDURES FOR SUSPENSION OR TERMINATION.—Any suspension or termination pursuant to subsection (f) shall be in accordance with the following procedures:

President.

"(1) Upon making a determination to suspend or terminate the provision of loan guarantees, the President shall submit to the Speaker of the House of Representatives and the President Pro Tempore of the Senate his determination to do so, including the basis for such suspension or termination.

"(2) Such a suspension or termination shall cease to be effective if Congress enacts, within 30 days of submission, a joint resolution authorizing the assistance notwithstanding the suspension.

"(3) Any such joint resolution shall be considered in the Senate in accordance with the provisions of section 601(b) of the International Security Assistance and Arms Export Control Act of 1976.

"(4) For the purpose of expediting the consideration and enactment of joint resolutions under this subsection, a motion to proceed to the consideration of any such joint resolution after it has been reported by the appropriate committee shall be treated as highly privileged in the House of Representatives.

"(5) In the event that the President suspends the provision of additional loan guarantees under subsection (f) and Congress does not enact a joint resolution pursuant to this subsection, the provision of additional loan guarantees under the program established by this section may be resumed only if the President determines and so reports to Congress that the reasons for the suspension have been resolved or that the resumption is otherwise in the national interest. President. Reports.

"(h) ECONOMIC CONTEXT.—The effective absorption of immigrants into Israel from the republics of the former Soviet Union and Ethiopia within the private sector requires large investment and economic restructuring to promote market efficiency and thereby contribute to productive employment and sustainable growth. Congress recognizes that the Government of Israel is developing an economic strategy designed to achieve these goals, and that the Government of Israel intends to adopt a comprehensive, multi-year economic strategy based on prudent macroeconomic policies and structural reforms. Congress also recognizes that these policies are being designed to reduce direct involvement of the government in the economic system and to promote private enterprise, important prerequisites for economic stability and sustainable growth. Union of Soviet Socialist Republics. Ethiopia.

"(i) CONSULTATIONS.—It is the sense of the Congress that, as agreed between the two Governments and in order to further the policies specified in subsection (h), Israel and the United States should continue to engage in consultations concerning economic and financial measures, including structural and other reforms, that Israel should undertake during the pendency of this program to enable its economy to absorb and resettle immigrants and to accommodate the increased debt burden that will result from loans guaranteed pursuant to this section. It is the sense of the Congress that these consultations on economic measures should address progress and plans in the areas of budget policies, privatization, trade liberalization, financial and capital markets, labor markets, competition policy, and deregulation. International agreements.

"(j) GOODS AND SERVICES.—During the pendency of the loan program authorized under this section, it is anticipated that, in the context of the economic reforms undertaken pursuant to subsections (h) and (i) of this section, Israel's increased population due to its absorption of immigrants, and the liberalization by the Government of Israel of its trade policy with the United States, the amount of United States investment goods and services purchased for use in or with respect to the country of Israel will substantially increase.

"(k) REPORTS.—The President shall report to Congress by December 31 of each fiscal year until December 31, 1999, regarding the implementation of this section.

"(l) APPLICABILITY OF FOREIGN ASSISTANCE ACT AUTHORITIES.—Section 223 of the Foreign Assistance Act shall apply to guarantees issued under subsection (a) in the same manner as such section applies to guarantees issued under section 222, except that subsections (a), (e)(1), (g), and (j) of section 223 shall not apply to President.

such guarantees and except that, to the extent section 223 is inconsistent with the Federal Credit Reform Act of 1990, that Act shall apply. Loans shall be guaranteed under this section without regard to sections 221, 222, and 238(c). Notwithstanding section 223(f), the interest rate for loans guaranteed under this section may include a reasonable fee to cover the costs and fees incurred by the borrower in connection with this program or financing under this section in the event the borrower elects not to finance such costs or fees out of loan principal. Guarantees once issued hereunder shall be unconditional and fully and freely transferable.

"(m) TERMS AND CONDITIONS.—

"(1) Each loan guarantee issued under this section shall guarantee 100 percent of the principal and interest payable on such loans.

"(2) The standard terms of any loan or increment guaranteed under this section shall be 30 years with semiannual payments of interest only over the first 10 years, and with semiannual payments of principal and interest on a level payment basis, over the last 20 years thereof, except that the guaranteed loan or any increments issued in a single transaction may include obligations having different maturities, interest rates, and payment terms if the aggregate scheduled debt service for all obligations issued in a single transaction equals the debt service for a single loan or increment of like amount having the standard terms described in this sentence. The guarantor shall not have the right to accelerate any guaranteed loan or increment or to pay any amounts in respect of the guarantees issued other than in accordance with the original payment terms of the loan. For purposes of determining the maximum principal amount of any loan or increment to be guaranteed under this section, the principal amount of each such loan or increment shall be—

"(A) in the case of any loan issued on a discount basis, the original issue price (excluding any transaction costs) thereof; or

"(B) in the case of any loan issue on an interest-bearing basis, the stated principal amount thereof.".

SEC. 9159. SACRAMENTO AND AMERICAN RIVERS FLOOD CONTROL PROJECT, CALIFORNIA: PRECONSTRUCTION ENGINEERING AND DESIGN; NATOMAS LEVEE CONSTRUCTION.

(a) CONTINUATION OF ENGINEERING AND DESIGN.—The Secretary of the Army is directed to reevaluate the project for flood control and recreation, Sacramento and American Rivers, California, as described in the feasibility report of the Chief of Engineers, entitled the "American River Watershed Investigation", dated July 1, 1992, subject to the provisions of this section.

(b) NATOMAS LEVEE FEATURES.—

(1) CONSTRUCTION.—The Secretary of the Army is authorized and directed to construct the Natomas levee features of the project as described in the feasibility report referred to in subsection (a), subject to entering into appropriate local cost-sharing agreements from the non-Federal sponsors of the project, provided that such construction does not encourage the development of deep floodplains.

(2) CREDIT FOR CERTAIN NON-FEDERAL WORK.—The Secretary of the Army shall credit against the non-Federal share of the cost of construction under paragraph (1), or reimburse the non-Federal sponsors, for any planning and construction work performed by the non-Federal sponsors to protect the Natomas area which is commenced prior to the Army Corps of Engineers' receiving appropriations to initiate such construction and which is consistent with the feasibility report referred to in subsection (a).

(c) GATING AND EXPANDABILITY REPORT.—In carrying out the reevaluation described in subsection (a) and in consultation with the State of California, the local non-Federal sponsors, and other interested groups, the Secretary of the Army is directed, within one year after the date of the enactment of this Act, to submit to the Committee on Public Works and Transportation of the House of Representatives and the Committee on Environment and Public Works of the Senate a report which:

(1) analyzes the outlet design of the flood control dam proposed as a feature of the project referred to in subsection (a), including an analysis of various configurations and capacities of gates (including a completely ungated configuration, a partly ungated configuration, emergency gates, operational gates, or a combination thereof) to ensure the safety of the flood control dam itself, to provide for system safety, to mini-

mize small event flooding of the Auburn Canyon, and to minimize damages to the vegetation, soils, and habitat in the canyon; and

(2) includes further analysis as to whether any feature or characteristic of the flood control dam would preclude its efficient expansion for water, power, or other purposes, and whether the design would create any greater difficulty for an expanded dam to meet seismic requirements than a multipurpose dam would otherwise encounter, and further assessment of the extra costs attributable to installation into an expanded dam such penstocks, operational gates and other features of a multipurpose dam which would not be included in an expandable dam lacking advanced features.

(d) REPAYMENT OF DESIGN WORK.—The non-Federal share of the costs of the design and reevaluations described in subsection (a) shall not be required to be repaid until after the execution of the agreement required by section 103(j) of the Water Resources Development Act of 1986 and immediately prior to the initiation of construction of the project or the appropriate separable element.

(e) SPECIAL EVALUATION REPORTS.—

(1) In carrying out the reevaluation described in subsection (a) and in consultation with the State of California, the local non-Federal sponsors, and other interested groups, the Secretary of the Army shall perform further evaluation of, and, within twelve months after the date of the enactment of this Act, submit to the Committee on Public Works and Transportation of the House of Representatives and the Committee on Environment and Public Works of the Senate a report on, other features and operational procedures that should be implemented in a coordinated plan to provide flood protection sufficiently high for a major urban area subject to risk of frequent floods causing great economic, environmental, and social damage. The report shall specifically address, at a minimum, the following:

(i) The reliability, costs, environmental impacts, and public safety risks associated with increasing objective flows in the Lower American River above the 115,000 cubic feet per second design capacity, as well as the costs and impacts of permanent reoperation of Folsom Reservoir at different levels of increased flood storage, including the appropriate alternatives for sharing costs associated with Folsom Dam.

(ii) The costs and benefits of lowering the spillway at Folsom Dam in order to improve the dam's ability to pass a maximum probable flood and improve its operational flexibility for flood control.

(iii) The costs and benefits of transferring flood control obligations from the Folsom Reservoir to a new flood control facility at Auburn, increasing the Folsom Reservoir's capability for water supply.

(iv) The costs and benefits of utilizing existing and increased flood space in the upstream reservoirs to enhance the flood control capability at Folsom Dam and of establishing offstream storage in Deer Creek, alone or in combination with the alternatives referenced in paragraphs (i) and (ii) of this subsection.

(2) The Secretary of the Army shall further consult with, and solicit the views of, the National Academy of Engineering on the contingency assumptions, hydrological methodologies used in the preparation of the American River Project, and other engineering assumptions and methodologies influencing the scope and formulation of the American River flood control alternatives. Such consultation shall also solicit the views of the National Academy of Engineering on the merits of normalized use of reservoir surcharge space in a flood control regime for Sacramento. Any opinions with respect to these and other issues rendered by the National Academy of Engineering shall be made available to the public and included in the reports transmitted to Congress pursuant to this section.

Public information.

(f) FOLSOM DAM.—

(1) IN GENERAL.—Congress recognizes the urgency of ensuring that Folsom Dam is operated correctly, safely, efficiently and prudently for flood control purposes. The Secretary of the Interior (in consultation with the Sacramento Flood Control Agency and the Secretary of the Army) shall operate Folsom Dam to provide the maximum level of flood protection.

(2) FLOOD MANAGEMENT PLAN.—(A) Not later than one year after the date of enactment of this Act, and consistent with existing law, the Secretaries of the Army and Interior shall jointly develop and implement a flood management plan for the American River and Folsom Dam that ensures prompt, reliable, and full utilization of the flood control capability at Folsom Dam and other existing water resources development projects located in the American River watershed, California. Consistent with existing law, the plan should maximize the flood control capability within Folsom Dam's flood space reservation. The plan shall also identify opportunities and make recommendations to improve the stream gauge network and flood forecast system for the upper American River watershed. The Plan should also recognize that reservoir releases need to be made as quickly as possible in anticipation of incoming flow and in accordance with existing documents: "1959 Reservoir Regulations, Appendix II, the Corps Master Manual, Sacramento River Basin Reservoir Regulation Manual, Folsom Dam/Reservoir, American River: October 1, 1956," revised March 1959.

(B) The components of the inflow forecasting system and revised flood release rules and practices, and hydrographic and flood frequency models shall give due deference to the National Academy of Engineering findings developed pursuant to subsection (e)(2) of this section.

SEC. 102. REVISION OF TITLE VII OF PUBLIC HEALTH SERVICE ACT.

Title VII of the Public Health Service Act (42 U.S.C. 292a et seq.) is amended to read as follows:

"TITLE VII—HEALTH PROFESSIONS EDUCATION

"PART A—STUDENT LOANS

"Subpart I—Insured Health Education Assistance Loans to Graduate Students

42 USC 292.

"SEC. 701. STATEMENT OF PURPOSE.

"The purpose of this subpart is to enable the Secretary to provide a Federal program of student loan insurance for students in (and certain former students of) eligible institutions (as defined in section 719).

42 USC 292a.

"SEC. 702. SCOPE AND DURATION OF LOAN INSURANCE PROGRAM.

"(a) IN GENERAL.—The total principal amount of new loans made and installments paid pursuant to lines of credit (as defined in section 719) to borrowers covered by Federal loan insurance under this subpart shall not exceed $350,000,000 for fiscal year 1993, $375,000,000 for fiscal year 1994, and $425,000,000 for fiscal year 1995. If the total amount of new loans made and installments paid pursuant to lines of credit in any fiscal year is less than the ceiling established for such year, the difference between the loans made and installments paid and the ceiling shall be carried over to the next fiscal year and added to the ceiling applicable to that fiscal year, and if in any fiscal year no ceiling has been established, any difference carried over shall constitute the ceiling for making new loans (including loans to new borrowers) and paying installments for such fiscal year. Thereafter, Federal loan insurance pursuant to this subpart may be granted only for loans made (or for loan installments paid pursuant to lines of credit) to enable students, who have obtained prior loans insured under this subpart, to continue or complete their educational program or to obtain a loan under section 705(a)(1)(B) to pay interest on such prior loans; but no insurance may be granted for any loan made or installment paid after September 30, 1998. The total principal amount of Federal loan insurance available under this subsection shall be granted by the Secretary without regard to any apportionment for the purpose of chapter 15 of title 31, United States Code, and without regard to any similar limitation.

"(b) CERTAIN LIMITATIONS AND PRIORITIES.—

"(1) LIMITATIONS REGARDING LENDERS, STATES, OR AREAS.—The Secretary may, if necessary to assure an equitable distribution of the benefits of this subpart, assign, within the maximum amounts specified in subsection (a), Federal loan insurance quotas applicable to eligible lenders, or to States or areas, and may from time to time reassign unused portions of these quotas.

"(2) PRIORITY FOR CERTAIN LENDERS.—In providing certificates of insurance under section 706 through comprehensive contracts, the Secretary shall give priority to eligible lenders that agree—

"(A) to make loans to students at interest rates below the rates prevailing, during the period involved, for loans covered by Federal loan insurance pursuant to this subpart; or

"(B) to make such loans under terms that are otherwise favorable to the student relative to the terms under which eligible lenders are generally making such loans during such period.

"(c) AUTHORITY OF STUDENT LOAN MARKETING ASSOCIATION.—

"(1) IN GENERAL.—Subject to paragraph (2), the Student Loan Marketing Association, established under part B of title IV of the Higher Education Act of 1965, is authorized to make advances on the security of, purchase, service, sell, consolidate, or otherwise deal in loans which are insured by the Secretary under this subpart, except that if any loan made under this subpart is included in a consolidated loan pursuant to the authority of the Association under part B of title IV of the Higher Education Act of 1965, the interest rate on such consolidated loan shall be set at the weighted average interest rate of all such loans offered for consolidation and the resultant per centum shall be rounded downward to the nearest one-eighth of 1 per centum, except that the interest rate shall be no less than the applicable interest rate of the guaranteed student loan program established under part B of title IV of the Higher Education Act of 1965. In the case of such a consolidated loan, the borrower shall be responsible for any interest which accrues prior to the beginning of the repayment period of the loan, or which accrues during a period in which principal need not be paid (whether or not such principal is in fact paid) by reason of any provision of the Higher Education Act of 1965.

"(2) APPLICABILITY OF CERTAIN FEDERAL REGULATIONS.—With respect to Federal regulations for lenders, this subpart may not be construed to preclude the applicability of such regulations to the Student Loan Marketing Association or to any other entity in the business of purchasing student loans, including such regulations with respect to applications, contracts, and due diligence.

"SEC. 703. LIMITATIONS ON INDIVIDUAL INSURED LOANS AND ON LOAN INSURANCE. 42 USC 292b.

"(a) IN GENERAL.—The total of the loans made to a student in any academic year or its equivalent (as determined by the Secretary) which may be covered by Federal loan insurance under this subpart may not exceed $20,000 in the case of a student

enrolled in a school of medicine, osteopathic medicine, dentistry, veterinary medicine, optometry, or podiatric medicine, and $12,500 in the case of a student enrolled in a school of pharmacy, public health, allied health, or chiropractic, or a graduate program in health administration or clinical psychology. The aggregate insured unpaid principal amount for all such insured loans made to any borrower shall not at any time exceed $80,000 in the case of a borrower who is or was a student enrolled in a school of medicine, osteopathic medicine, dentistry, veterinary medicine, optometry, or podiatric medicine, and $50,000 in the case of a borrower who is or was a student enrolled in a school of pharmacy, public health, allied health, or chiropractic, or a graduate program in health administration or clinical psychology. The annual insurable limit per student shall not be exceeded by a line of credit under which actual payments by the lender to the borrower will not be made in any year in excess of the annual limit.

"(b) EXTENT OF INSURANCE LIABILITY.—The insurance liability on any loan insured by the Secretary under this subpart shall be 100 percent of the unpaid balance of the principal amount of the loan plus interest. The full faith and credit of the United States is pledged to the payment of all amounts which may be required to be paid under the provisions of section 707 or 714.

42 USC 292c.

"SEC. 704. SOURCES OF FUNDS.

"Loans made by eligible lenders in accordance with this subpart shall be insurable by the Secretary whether made from funds fully owned by the lender or from funds held by the lender in a trust or similar capacity and available for such loans.

42 USC 292d.

"SEC. 705. ELIGIBILITY OF BORROWERS AND TERMS OF INSURED LOANS.

"(D) provides for interest on the unpaid principal balance of the loan at a yearly rate, not exceeding the applicable maximum rate prescribed and defined by the Secretary (within the limits set forth in subsection (b)) on a national, regional, or other appropriate basis, which interest shall be compounded not more frequently than annually and payable in installments over the period of the loan except as provided in subparagraph (C), except that the note or other written agreement may provide that payment of any interest may be deferred until not later than the date upon which repayment of the first installment of principal falls due or the date repayment of principal is required to resume (whichever is applicable) and may further provide that, on such date, the amount of the interest which has so accrued may be added to the principal for the purposes of calculating a repayment schedule;

Regulations.

"(b) LIMITATION ON RATE OF INTEREST.—The rate of interest prescribed and defined by the Secretary for the purpose of subsection (a)(2)(D) may not exceed the average of the bond equivalent rates of the 91-day Treasury bills auctioned for the previous quarter plus 3 percentage points, rounded to the next higher one-eighth of 1 percent.

"(c) MINIMUM ANNUAL PAYMENT BY BORROWER.—The total of the payments by a borrower during any year or any repayment period with respect to the aggregate amount of all loans to that borrower which are insured under this subpart shall not be less than the annual interest on the outstanding principal, except as provided in subsection (a)(2)(C), unless the borrower, in the written agreement described in subsection (a)(2), agrees to make payments during any year or any repayment period in a lesser amount.

Such insurance shall cease to be effective upon 60 days' default by the lender in the payment of any installment of the premiums payable pursuant to section 708.

"(3) CERTAIN AGREEMENTS FOR LENDERS.—An application submitted pursuant to subsection (a)(1) shall contain—

"(A) an agreement by the applicant to pay, in accordance with regulations, the premiums fixed by the Secretary pursuant to section 708; and

Reports.

"(B) an agreement by the applicant that if the loan is covered by insurance the applicant will submit such supplementary reports and statements during the effective period of the loan agreement, upon such forms, at such times, and containing such information as the Secretary may prescribe by or pursuant to regulation.

"(b) AUTHORITY REGARDING COMPREHENSIVE INSURANCE COVERAGE.—

"(1) IN GENERAL.—In lieu of requiring a separate insurance application and issuing a separate certificate of insurance for each loan made by an eligible lender as provided in subsection (a), the Secretary may, in accordance with regulations consistent with section 702, issue to any eligible lender applying therefor a certificate of comprehensive insurance coverage which shall, without further action by the Secretary, insure

all insurable loans made by that lender, on or after the date of the certificate and before a specified cutoff date, within the limits of an aggregate maximum amount stated in the certificate. Such regulations may provide for conditioning such insurance, with respect to any loan, upon compliance by the lender with such requirements (to be stated or incorporated by reference in the certificate) as in the Secretary's judgment will best achieve the purpose of this subsection while protecting the financial interest of the United States and promoting the objectives of this subpart, including (but not limited to) provisions as to the reporting of such loans and information relevant thereto to the Secretary and as to the payment of initial and other premiums and the effect of default therein, and including provision for confirmation by the Secretary from time to time (through endorsement of the certificate) of the coverage of specific new loans by such certificate, which confirmation shall be incontestable by the Secretary in the absence of fraud or misrepresentation of fact or patent error.

"(2) LINES OF CREDIT BEYOND CUTOFF DATE.—If the holder of a certificate of comprehensive insurance coverage issued under this subsection grants to a borrower a line of credit extending beyond the cutoff date specified in that certificate, loans or payments thereon made by the holder after that date pursuant to the line of credit shall not be deemed to be included in the coverage of that certificate except as may be specifically provided therein; but, subject to the limitations of section 702, the Secretary may, in accordance with regulations, make commitments to insure such future loans or payments, and such commitments may be honored either as provided in subsection (a) or by inclusion of such insurance in comprehensive coverage under this subsection for the period or periods in which such future loans or payments are made.

"(c) ASSIGNMENT OF INSURANCE RIGHTS.—The rights of an eligible lender arising under insurance evidenced by a certificate of insurance issued to it under this section may be assigned by such lender, subject to regulation by the Secretary, only to—

"(1) another eligible lender (including a public entity in the business of purchasing student loans); or

"(2) the Student Loan Marketing Association.

"(d) EFFECT OF CONSOLIDATION OF OBLIGATIONS.—The consolidation of the obligations of two or more federally insured loans obtained by a borrower in any fiscal year into a single obligation evidenced by a single instrument of indebtedness shall not affect the insurance by the United States. If the loans thus consolidated are covered by separate certificates of insurance issued under subsection (a), the Secretary may upon surrender of the original certificates issue a new certificate of insurance in accordance with that subsection upon the consolidated obligation. If the loans thus consolidated are covered by a single comprehensive certificate issued under subsection (b), the Secretary may amend that certificate accordingly.

"(e) RULE OF CONSTRUCTION REGARDING CONSOLIDATION OF DEBTS.—Nothing in this section shall be construed to preclude the lender and the borrower, by mutual agreement, from consolidating all of the borrower's debts into a single instrument under the terms applicable to an insured loan made at the same time as the consolidation. The lender or loan holder should provide

full information to the borrower concerning the advantages and disadvantages of loan consolidation. Nothing in this section shall be construed to preclude the consolidation of the borrower's loans insured under this subpart under section 428C of the Higher Education Act of 1965. Any loans insured pursuant to this subpart that are consolidated under section 428C of such Act shall not be eligible for special allowance payments under section 438 of such Act.

42 USC 292f.

"SEC. 707. DEFAULT OF BORROWER.

"(a) CONDITIONS FOR PAYMENT TO BENEFICIARY.—Upon default by the borrower on any loan covered by Federal loan insurance pursuant to this subpart, and after a substantial collection effort (including, subject to subsection (h), commencement and prosecution of an action) as determined under regulations of the Secretary, the insurance beneficiary shall promptly notify the Secretary and the Secretary shall, if requested (at that time or after further collection efforts) by the beneficiary, or may on his own motion, if the insurance is still in effect, pay to the beneficiary the amount of the loss sustained by the insured upon that loan as soon as that amount has been determined. Not later than one year after the date of the enactment of the Health Professions Education Extension Amendments of 1992, the Secretary shall establish performance standards for lenders and holders of loans under this subpart, including fees to be imposed for failing to meet such standards.

"(b) SUBROGATION.—Upon payment by the Secretary of the amount of the loss pursuant to subsection (a), the United States shall be subrogated for all of the rights of the holder of the obligation upon the insured loan and shall be entitled to an assignment of the note or other evidence of the insured loan by the insurance beneficiary. If the net recovery made by the Secretary on a loan after deduction of the cost of that recovery (including reasonable administrative costs) exceeds the amount of the loss, the excess shall be paid over to the insured. The Secretary may sell without recourse to eligible lenders (or other entities that the Secretary determines are capable of dealing in such loans) notes or other evidence of loans received through assignment under the first sentence.

"(c) FORBEARANCE.—Nothing in this section or in this subpart shall be construed to preclude any forbearance for the benefit of the borrower which may be agreed upon by the parties to the insured loan and approved by the Secretary or to preclude forbearance by the Secretary in the enforcement of the insured obligation after payment on that insurance.

"(d) REASONABLE CARE AND DILIGENCE REGARDING LOANS.—Nothing in this section or in this subpart shall be construed to excuse the eligible lender or holder of a federally insured loan from exercising reasonable care and diligence in the making of loans under the provisions of this subpart and from exercising a substantial effort in the collection of loans under the provisions of this subpart. If the Secretary, after reasonable notice and opportunity for hearing to an eligible lender, finds that the lender has failed to exercise such care and diligence, to exercise such substantial efforts, to make the reports and statements required under section 706(a)(3), or to pay the required Federal loan insurance premiums, he shall disqualify that lender from obtaining further

Federal insurance on loans granted pursuant to this subpart until he is satisfied that its failure has ceased and finds that there is reasonable assurance that the lender will in the future exercise necessary care and diligence, exercise substantial effort, or comply with such requirements, as the case may be.

"(e) DEFINITIONS.—For purposes of this section:

"(1) The term 'insurance beneficiary' means the insured or its authorized assignee in accordance with section 706(c).

"(f) REDUCTIONS IN FEDERAL REIMBURSEMENTS OR PAYMENTS FOR DEFAULTING BORROWERS.—The Secretary shall, after notice and opportunity for a hearing, cause to be reduced Federal reimbursements or payments for health services under any Federal law to borrowers who are practicing their professions and have defaulted on their loans insured under this subpart in amounts up to the remaining balance of such loans. Procedures for reduction of payments under the medicare program are provided under section 1892 of the Social Security Act. Notwithstanding such section 1892, any funds recovered under this subsection shall be deposited in the insurance fund established under section 710.

"(g) CONDITIONS FOR DISCHARGE OF DEBT IN BANKRUPTCY.—A debt which is a loan insured under the authority of this subpart may be released by a discharge in bankruptcy under any chapter of title 11, United States Code, only if such discharge is granted—

"(1) after the expiration of the five-year period beginning on the first date, as specified in subparagraphs (B) and (C) of section 705(a)(2), when repayment of such loan is required;

"(2) upon a finding by the Bankruptcy Court that the nondischarge of such debt would be unconscionable; and

"(3) upon the condition that the Secretary shall not have waived the Secretary's rights to apply subsection (f) to the borrower and the discharged debt.

"(h) REQUIREMENT REGARDING ACTIONS FOR DEFAULT.—

"(1) IN GENERAL.—With respect to the default by a borrower on any loan covered by Federal loan insurance under this subpart, the Secretary shall, under subsection (a), require an eligible lender or holder to commence and prosecute an action for such default unless—

"(A) in the determination of the Secretary—

"(ii) prosecution of such an action would be fruitless because of the financial or other circumstances of the borrower;

"(B) for such loans made before the date of the enactment of the Health Professions Reauthorization Act of 1988, the loan involved was made in an amount of less than $5,000; or

"(C) for such loans made after such date, the loan involved was made in an amount of less than $2,500.

"(2) RELATIONSHIP TO CLAIM FOR PAYMENT.—With respect to an eligible lender or holder that has commenced an action pursuant to subsection (a), the Secretary shall make the payment required in such subsection, or deny the claim for such payment, not later than 60 days after the date on which the Secretary determines that the lender or holder has made reasonable efforts to secure a judgment and collect on the judgment entered into pursuant to this subsection.

"(3) STATE COURT JUDGMENTS.—With respect to any State court judgment that is obtained by a lender or holder against a borrower for default on a loan insured under this subpart and that is subrogated to the United States under subsection (b), any United States attorney may register such judgment with the Federal courts for enforcement.

"(i) INAPPLICABILITY OF FEDERAL AND STATE STATUTE OF LIMITATIONS ON ACTIONS FOR LOAN COLLECTION.—Notwithstanding any other provision of Federal or State law, there shall be no limitation on the period within which suit may be filed, a judgment may be enforced, or an offset, garnishment, or other action may be initiated or taken by the Secretary, the Attorney General, or other administrative head of another Federal agency, as the case may be, for the repayment of the amount due from a borrower on a loan made under this subpart that has been assigned to the Secretary under subsection (b).

"(b) ASSESSMENT OF PREMIUM.—Except as provided in subsection (d)(2), the risk-based premium to be assessed under subsection (a) shall be as follows:

"(1) LOW-RISK RATE.—With respect to an eligible borrower seeking to obtain a loan for attendance at an eligible institution that has a default rate of not to exceed five percent, such borrower shall be assessed a risk-based premium in an amount equal to 6 percent of the principal amount of the loan.

"(2) MEDIUM-RISK RATE.—

"(A) IN GENERAL.—With respect to an eligible borrower seeking to obtain a loan for attendance at an eligible institution that has a default rate of in excess of five percent but not to exceed 10 percent—

Under such plan the institution shall, among other measures, provide an exit interview to all borrowers that includes information concerning repayment schedules, loan deferments, forbearance, and the consequences of default.

"(d) ADMINISTRATIVE WAIVERS.—

"(1) HEARING.—The Secretary shall afford an institution not less than one hearing, and may consider mitigating circumstances, prior to making such institution ineligible for participation in the program under this subpart.

"(2) EXCEPTIONS.—In carrying out this section with respect to an institution, the Secretary may grant an institution a waiver of requirements of paragraphs (2) through (4) of subsection (b) if the Secretary determines that the default rate for such institution is not an accurate indicator because the volume of the loans under this subpart made by such institution has been insufficient.

"(3) TRANSITION FOR CERTAIN INSTITUTIONS.—During the 3-year period beginning on the effective date of the Health Professions Education Extension Amendments of 1992—

"(A) subsection (b)(4) shall not apply with respect to any eligible institution that is a Historically Black College or University; and

Oct. 14, 1992
[H.J. Res. 542]

Whereas the people of the United States have a deep appreciation and respect for the men and women who serve our Nation in the Armed Forces;

Whereas, although veterans possess special qualities and skills which make them ideal candidates for employment, many veterans encounter difficulties in securing employment;

Whereas military spending cuts and reductions-in-force in the Armed Forces will send tens of thousands of veterans looking for employment in the job market;

Whereas it would be inconsiderate and contrary to the economic competitiveness of our Nation to neglect the post-military needs of the men and women who served our Nation in the Armed Forces; and

(2)(A) In making any reconveyance to the United States pursuant to paragraph (1), the Village Corporation shall—

(i) designate the individual to receive title to the specific lot; and

(i) a restricted deed pursuant to subparagraph (B); or

(ii) an unrestricted deed pursuant to subparagraph (C).

(B) A restricted deed may be issued under this paragraph subject to the following conditions:

(i) The deed shall provide that the title conveyed is inalienable (except upon approval of the Secretary).

(ii) After the issuance of the restricted deed, the lot shall not be subject to taxation, to levy and sale in satisfaction of debts, contracts, or liabilities of the patentee, or to any claims of adverse occupancy or law of prescription.

(iii) The approval by the Secretary of the sale by an individual of a lot deeded under this section shall vest in the purchaser a complete and unrestricted title beginning on the date of approval, except that if the purchaser is an Alaska Native or a descendent of a Native, the purchaser shall receive a deed subject to the same restrictions as applied to the initial grantee.

(C)(i) Upon a finding by the Secretary that the individual identified by the Village Corporation is competent to manage the property and has petitioned the Secretary for an unrestricted deed, the Secretary shall issue the unrestricted deed in accordance with clauses (ii) and (iii).

(ii) Except as provided in clause (iii), if the Secretary issues an unrestricted deed, all restrictions as to sale, encumbrance, or taxation of the land subject to the deed shall be removed.

(iii) Except with respect to any obligation owed to the United States, the land subject to the deed shall not be liable to the satisfaction of any debt as a result of a contract in effect prior to issuance of the deed.

(3) The aggregate amount of acreage of all lots conveyed under this subsection shall not exceed 195 acres.

(d) ALLOTMENTS.—(1)(A) If any lot identified pursuant to this section in the North Slope Borough surveys encompasses land (or any interest in the land) that—

(B) The Secretary shall accept the reconveyance of the land (or any interest in the land) described in subparagraph (A) from the Village Corporation or the Regional Corporation, in lieu of the land (or any interest in the land) described in the original application.

(2)(A) To the extent the Secretary accepts a reconveyance of land (or any interest in the land) pursuant to paragraph (1), the

Secretary shall approve the amended application for the land reconveyed, and adjudicate the remainder of the allotment application. The approval of an amended application under this paragraph shall be a final and conclusive determination of the validity of the allotment.

(B) The Secretary shall—

(i) survey each allotment approved pursuant to this paragraph; and

(ii) issue a Native allotment certificate to the applicant or to the heirs of the applicant.

(3)(A) Each Native allotment certificate issued to an applicant or the heirs of the applicant pursuant to paragraph (2)(B) shall be subject to any existing easements or any other right that had been reserved, conveyed, transferred, or recognized by the United States prior to the issuance of the certificate.

(ii) all other rights reasonably incident to the mineral reservations described in clause (i).

(C) If the oil, gas, or coal described in subparagraph (B)(i) was previously conveyed to the Regional Corporation and the Regional Corporation reserves those interests in any conveyance to the United States, the reconveyance by the Secretary to the applicant or to the heirs of the applicant shall reserve from the conveyance for the benefit of the Regional Corporation the same rights and privileges that would have been reserved for the United States.

(4) With respect to any reconveyance of land (or any interest in the land) by the Regional Corporation to the United States that does not convey the entire mineral estate, the Regional Corporation shall not be entitled either—

(A) to a reduction of the acreage charged against the entitlement under the Act; or

(B) to select mineral interests to replace the acreage.

(e) REDUCTION IN CHARGED ACREAGE.—(1) Except as provided in subsection (d)(4), if the Village Corporation and the Regional Corporation reconvey land (or any interest in the land) to the United States under the authority of subsection (b) or (d)(1), the Secretary shall reduce the acreage charged against the entitlement of the Village Corporation and the Regional Corporation pursuant to the Act.

(2)(A) To the extent that the reconveyance to the United States of land, or interests in land, by the Village Corporation and the Regional Corporation under this section results in a reduction in the acreage charged against the entitlement of the Village Corporation and Regional Corporation under paragraph (1), the Village Corporation shall be entitled to make selections in lieu of the reconveyed land (or any interest in the land).

(B) The amount of any acreage reconveyed by the Village Corporation under this section shall be added to the amount of other

acreage computed as underselection, if any, for the Village Corporation.

[H.R. 2144]

25 USC 651 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Advisory Council on California Indian Policy Act of 1992".

SEC. 2. FINDINGS.

25 USC 651 note.

The Congress has reviewed the social, economic, and political circumstances of California Indians and of governmental policies and programs affecting California Indians and finds that—

(1) the Congress has recognized a special government-to-government relationship with Indian tribes in the United States;

(2) due to the unique historical circumstances of the Indians of California, Federal law and policies have often dealt specifically with California Indians;

(3) there is an urgent need to clarify the eligibility of unrecognized and terminated California Indian tribal groups to be federally acknowledged as Indian tribes with all the rights and powers attendant to that status;

(4) there is among California Indians a continuing social and economic crisis, characterized by, among other things, alcohol and substance abuse, critical health problems, family violence and child abuse, lack of educational and employment opportunities, and significant barriers to tribal economic development;

(5) these conditions exist even though public policies and programs adopted by the Federal Government have been intended to improve the conditions of California Indians; and

(6) California Indian tribes and tribal organizations have expressed a need for a review of the public policies and programs affecting California Indians and to make such policies and programs more effective in accomplishing Federal policy objectives.

Joint Resolution

To designate the week of October 4, 1992, through October 10, 1992, as "Mental Illness Awareness Week". Oct. 14, 1992 [S.J. Res. 287]

Whereas mental illness is a problem of grave concern and consequence in the United States and it is widely, but unnecessarily, feared and misunderstood;

Whereas on an annual basis 40,000,000 adults in the United States suffer from clearly diagnosable mental disorders, including mental illness, alcohol abuse, and drug abuse, which create significant disabilities with respect to employment, school attendance, and independent living;

Whereas more than 17,000,000 United States citizens are disabled for long periods of time by schizophrenia, manic depressive disorder, and major depression;

Whereas 33 percent of homeless persons suffer serious, chronic forms of mental illness;

Whereas alcohol, drug, and mental disorders affect almost 22 percent of adults in the United States in any 1-year period;

Whereas mental illness interferes with the development and maturation of at least 12,000,000 of our children;

Whereas a majority of the 29,000 American citizens who commit suicide each year suffer from a mental or an addictive disorder;

Whereas our growing population of elderly persons faces many obstacles to care for mental disorders;

Whereas 20 to 25 percent of AIDS patients will develop AIDS-related cognitive dysfunction and as many as two-thirds of AIDS patients will show neuropsychiatric symptoms before they die;

Whereas mental illnesses, alcohol abuse, and drug abuse result in staggering costs to society, estimated to be in excess of $249,000,000,000 in direct treatment and support and indirect costs to society, including lost productivity;

Whereas the Federal research budget committed to the Alcohol, Drug Abuse, and Mental Health Administration represents only about 1 percent of the direct treatment and support costs of caring for persons with alcohol, drug, and mental disorders;

Whereas mental illnesses are increasingly treatable disorders with excellent prospects for amelioration when properly recognized;

Whereas mentally ill persons and their families have begun to join self-help groups seeking to combat the unfair stigma of mental illness, to support greater national investment in research, and to advocate an adequate continuum of care from hospital to community;

Whereas in recent years there have been unprecedented major research developments bringing new methods and technology to the sophisticated and objective study of the functioning of the brain and its linkages to both normal and abnormal behavior;

Whereas research in recent decades has led to a wide array of new and more effective modalities of treatment (somatic, psychosocial, and service delivery) for some of the most incapaci-

tating forms of mental illness, including schizophrenia, major affective disorders, phobias, and phobic disorders;

Whereas appropriate treatment of mental illness has been demonstrated to be cost effective in terms of restored productivity, reduced use of other health services, and lessened social dependence; and

Whereas recent and unparalleled growth in scientific knowledge about mental illness has generated the current emergence of a new threshold of opportunity for future research advances and fruitful application to specific clinical problems: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the week of October 4, 1992, through October 10, 1992, is designated as "Mental Illness Awareness Week". The President is authorized and requested to issue a proclamation calling upon the people of the United States to observe such week with appropriate programs, ceremonies, and activities.

Approved October 14, 1992.

An Act

[H.R. 4016]

To amend the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 to require the Federal Government, before termination of Federal activities on any real property owned by the Government, to identify real property where no hazardous substance was stored, released, or disposed of.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Community Environmental Response Facilitation Act.
42 USC 9601 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Community Environmental Response Facilitation Act".

42 USC 9620 note.

SEC. 2. FINDINGS.

The Congress finds the following:

(1) The closure of certain Federal facilities is having adverse effects on the economies of local communities by eliminating jobs associated with such facilities, and delay in remediation of environmental contamination of real property at such facilities is preventing transfer and private development of such property.

(2) Each department, agency, or instrumentality of the United States, in cooperation with local communities, should expeditiously identify real property that offers the greatest opportunity for reuse and redevelopment on each facility under the jurisdiction of the department, agency, or instrumentality where operations are terminating.

(3) Remedial actions, including remedial investigations and feasibility studies, and corrective actions at such Federal facilities should be expedited in a manner to facilitate environmental protection and the sale or transfer of such excess real property for the purpose of mitigating adverse economic effects on the surrounding community.

(4) Each department, agency, or instrumentality of the United States, in accordance with applicable law, should make available without delay such excess real property.

(5) In the case of any real property owned by the United States and transferred to another person, the United States Government should remain responsible for conducting any remedial action or corrective action necessary to protect human health and the environment with respect to any hazardous substance or petroleum product or its derivatives, including aviation fuel and motor oil, that was present on such real property at the time of transfer.

SEC. 3. REQUIREMENT FOR IDENTIFICATION OF LAND ON WHICH NO HAZARDOUS SUBSTANCES OR PETROLEUM PRODUCTS OR THEIR DERIVATIVES WERE STORED, RELEASED, OR DISPOSED OF.

Section 120(h) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9620(h)) is amended by adding at the end the following new paragraph:

"(4) IDENTIFICATION OF UNCONTAMINATED PROPERTY.—(A) In the case of real property to which this paragraph applies (as set forth in subparagraph (E)), the head of the department, agency, or instrumentality of the United States with jurisdiction over the property shall identify the real property on which no hazardous substances and no petroleum products or their derivatives were stored for one year or more, known to have been released, or disposed of. Such identification shall be based on an investigation of the real property to determine or discover the obviousness of the presence or likely presence of a release or threatened release of any hazardous substance or any petroleum product or its derivatives, including aviation fuel and motor oil, on the real property. The identification shall consist, at a minimum, of a review of each of the following sources of information concerning the current and previous uses of the real property:

"(i) A detailed search of Federal Government records pertaining to the property.

"(ii) Recorded chain of title documents regarding the real property.

"(iii) Aerial photographs that may reflect prior uses of the real property and that are reasonably obtainable through State or local government agencies.

"(iv) A visual inspection of the real property and any buildings, structures, equipment, pipe, pipeline, or other improvements on the real property, and a visual inspection of properties immediately adjacent to the real property.

"(v) A physical inspection of property adjacent to the real property, to the extent permitted by owners or operators of such property.

"(vi) Reasonably obtainable Federal, State, and local government records of each adjacent facility where there has been a release of any hazardous substance or any petroleum product or its derivatives, including aviation fuel and motor oil, and which is likely to cause or contribute to a release or threatened release of any hazardous substance or any petroleum product or its derivatives, including aviation fuel and motor oil, on the real property.

"(vii) Interviews with current or former employees involved in operations on the real property.

Such identification shall also be based on sampling, if appropriate under the circumstances. The results of the identification shall be provided immediately to the Administrator and State and local government officials and made available to the public. Public information.

"(B) The identification required under subparagraph (A) is not complete until concurrence in the results of the identification is obtained, in the case of real property that is part of a facility on the National Priorities List, from the Administrator, or, in the case of real property that is not part of a facility on the National Priorities List, from the appropriate

State official. In the case of a concurrence which is required from a State official, the concurrence is deemed to be obtained if, within 90 days after receiving a request for the concurrence, the State official has not acted (by either concurring or declining to concur) on the request for concurrence.

"(C)(i) Except as provided in clauses (ii), (iii), and (iv), the identification and concurrence required under subparagraphs (A) and (B), respectively, shall be made at least 6 months before the termination of operations on the real property.

"(1) IN GENERAL.—Except as provided in paragraph (2), a direct or insured loan made under this Act shall not be sold or prepaid at a value that is less than the outstanding principal balance on the loan.

"(2) EXCEPTION.—On request of the borrower, an electric loan made under this Act, or a portion of such a loan, that was advanced before May 1, 1992, or has been advanced for not less than 2 years, shall be sold to or prepaid by the borrower at the lesser of—

"(C) DISTRIBUTION BORROWERS.—A distribution borrower not in default on the repayment of loans made or insured under this Act shall be eligible for discounted prepayment as provided in this subsection. For the purpose of determining eligibility for discounted prepayment under this subsection or eligibility for assistance under this Act, a default by a borrower from which a distribution borrower purchases wholesale power shall not be considered a default by the distribution borrower.

SEC. 101. DECLARATION OF POLICY.

The Congress finds that—

(1) as the world's largest economy, the United States has an enormous stake in the future of the global trading system;

(2) exports are a crucial force driving the United States economy;

(3) during 1991, the value of United States exports increased by 7.1 percent from the 1990 level to $421,600,000,000, supporting more than 7,000,000 full-time United States jobs, and affecting the lives of all of the people of the United States;

(4) exports also support the global strategic position of the United States;

(5) a significant part of a country's influence is drawn from the reputation of its goods, its industrial connections with other countries, and the capital it has available for investment, and trade finance is a critical component of this equation;

(6) the growth in United States exports has increased the demand for financing from the Export-Import Bank of the United States;

(7) during 1991, the value of exports assisted by the Export-Import Bank rose 28.7 percent, from $9,700,000,000 to $12,100,000,000, the highest level since 1981;

(8) the Export-Import Bank used its entire budget authority provided for 1991, and still could not meet all of the demand for its financing assistance; and

(9) accordingly, the charter of the Export-Import Bank, which is scheduled to expire on September 30, 1992, must be renewed in order that the Bank continue to arrange competitive and innovative financing for the foreign sales of United States exporters.
